

Annual Environmental Maintenance Contracts:

The annual agreement will include the following:

- Quarterly legislation updates
- Updates by e-mail of topics relevant to your operation
- Free phone consultation service at any time
- One day annual visit to include an environmental site inspection, training, discussions and updates of existing environmental management systems

The cost per company is £ 950 per annum.

An invoice and a contract will be forwarded on subscription to this service, this will constitute a further proof of your company's effort to strive for improvement with environment management.

Free phone consultation service at any time and updates by e-mail of any topic relevant to your operation.
